**DECISION AND ORDER ON COST AWARDS**  
**August 6, 2014**

**Background**

In August 2013, the Board commenced a review of the framework governing the participation of intervenors in applications, policy consultations and other proceedings before the Board. The main elements of the intervenor framework are set out in the Board's [Rules of Practice and Procedure](#) and [Practice Direction on Cost Awards](#).

As indicated in the [Board's letter](#) dated April 24, 2014 ("the Board Letter"), the First Phase of the review, which examined whether there are modifications that should be made regarding the Board's approach to intervenor status, cost eligibility and cost awards, is now complete. The Board considers it expedient to address the issue of cost awards for the First Phase of the consultation at this time. Cost awards in relation to eligible consultation activities that take place in the future will be addressed at the relevant time.

## Eligible Participants

In its [Decision on Cost Eligibility](#) (corrected) dated September 27, 2013, the Board determined that the following participants (together, the “eligible participants”) were eligible for an award of costs in this consultation process:

- Association of Major Power Consumers in Ontario
- Association of Power Producers in Ontario
- Building Owners and Managers Association – Greater Toronto
- Canadian Federation of Independent Business
- Canadian Manufacturers & Exporters
- Consumers Council of Canada
- Ecology Ottawa
- Energy Probe Research Foundation
- Federation of Rental-housing Providers of Ontario
- Gas Pipeline Landowners of Ontario and Lambton County Storage Association
- Green Energy Coalition
- Industrial Gas Users Association
- London Property Management Association
- Low-Income Energy Network
- Nishnawbe Aski Nation
- Northwatch
- Ontario Association of Physical Plant Administrators
- Ontario Sustainable Energy Association
- School Energy Coalition
- Vulnerable Energy Consumers Coalition

The activities for which cost awards are available in this consultation are as follows:

- Written comments on questions listed in the cover letter
- Preparation, attendance and report on Stakeholder Conference
- Written comments on Stakeholder Conference issues

On May 20, 2014, the Board issued a *Notice of Hearing for Cost Awards* (the “Notice”). All eligible participants as listed above submitted cost claims except Northwatch. No objections to the filed cost claims were received.

## Board Findings

The Board has reviewed the cost claims and finds that the claims filed by the eligible participants are within the approved overall limits set by the Board. The Board notes

that some parties did not file the required forms, such as the Statement of Fees Being Claimed or the Statement of Disbursements Being Claimed. The Board reminds parties, for future cost claims, to pay attention to the filing requirements for cost claims. In the present case, the Board finds that all eligible participants are eligible for 100% of their reasonably incurred costs of participating in this consultation process as indicated below, with the following exceptions: GAPLO's cost claim for disbursements was reduced by \$22.50 to reflect the receipts provided; and NAN's cost claim was reduced by \$50.85 to reflect the amount of disbursements claimed that were not supported with receipts.

• Association of Major Power Consumers in Ontario	\$11,342.38
• Association of Power Producers in Ontario	\$8,674.96
• Building Owners and Managers Association – Greater Toronto	\$11,559.90
• Canadian Federation of Independent Business	\$9,834.39
• Canadian Manufacturers & Exporters	\$16,812.96

### **Process for Paying the Cost Awards**

In the Board letter, the Board indicated that costs would be apportioned among rate regulated electricity distributors, rate regulated natural gas distributors, rate regulated electricity transmitters, Ontario Power Generation, the Ontario Power

Authority, and the Independent Electricity System Operator on a pro-rata basis relative to their contributions to the Board's annual cost assessment.

The Board will use the process set out in section 12 of its *Practice Direction on Cost Awards* to implement the payment of the cost awards. Therefore, the Board will act as a clearing house for all payments of cost awards relating to this consultation process.

Invoices will be issued to payors at the same time as the invoices for cost assessments are made under section 26 of the Act. The practice of the Board is to issue to each payor one invoice that covers all cost awards payable by the distributor for the relevant period. As a result, the invoice may cover cost awards payable in relation to a number of consultations, including this one.

#### **THE BOARD THEREFORE ORDERS THAT:**

1. The amounts each rate regulated electricity distributor, rate regulated natural gas distributor, rate regulated electricity transmitter, Ontario Power Generation, the Ontario Power Authority, and the Independent Electricity System Operator shall pay are set out in **Appendix A** to this Decision and Order.
2. The rate regulated electricity distributors, rate regulated natural gas distributors, rate regulated electricity transmitters, Ontario Power Generation, the Ontario Power Authority, and the Independent Electricity System Operator shall pay the costs awarded to each of the Eligible Participants as set out in **Appendix A** to this Decision and Order.
3. Payment of cost awards referred to in paragraph 2 shall be made to the Ontario Energy Board in accordance with the invoice issued to each rate regulated electricity distributor, rate regulated natural gas distributor, rate regulated electricity transmitter, Ontario Power Generation, the Ontario Power Authority, and the Independent Electricity System Operator and shall be due at the same time as cost assessments under section 26 of the Act are due.
