**Re: Ontario Power Generation Inc.
2014-2015 Payment Amounts Application**

On September 18, 2014, the Board received a letter from the School Energy Coalition ("SEC") which raised concerns about portions of OPG's reply argument. SEC believes that parts of OPG's submission (including a new affidavit sworn by its geotechnical expert) are not properly matters for reply. SEC requested a one day hearing before the Board to address these issues. OPG responded by letter dated September 22, 2014. OPG submits that none of the issues identified by SEC give rise to a need for sur-reply or other further process before the Board.

The Board has determined that it would not be assisted by further submissions relating to the matters identified in the SEC letter. Any determinations with respect to the appropriateness of OPG's reply argument will be contained in the Board's final decision in this proceeding.

Yours truly,
