## **LETTER OF COMMENT**

### **Comments:**

Cambridge and North Dumfries Hydro Inc. has applied to the OEB for an increase in "delivery" charges by approximately \$0.05 per month for residential customers.

I object to this increase.

They should find economies in other areas such as reducing salaries, benefits, pensions and bonuses for their executives and managers.

I do not object to modest increases for "electricity" but I do object to high other taxes and costs including "delivery" which make up 51% of my bill.
