Re: Toronto Hydro-Electric System Limited 2015-2019 Electricity Rate Application

Dear Ms. Walli,

In accordance with Procedural Order No. 4, AMPCO is writing to support the motions filed by School Energy Coalition (SEC) and Energy Probe on the basis that the motions seek relevant information from Toronto Hydro-Electric System Limited (THESL) that is relevant to the proceeding.

SEC's Motion

SEC's motion seeks a full and adequate response to its interrogatory 1B-SEC-8 to produce benchmarking documents that THESL has participated in through the Canadian Electricity Association (CEA). Benchmarking information is relevant to this proceeding in order to better understand how THESL performs against other utilities. AMPCO agrees with SEC that this information should be produced. AMPCO reserves the right to respond to submissions or materials filed by the CEA.

Energy Probe's Motion

AMPCO supports Energy Probe's motion for the reasons set out in Energy Probe's Notice of Motion.

Sincerely,

(ORIGINAL SIGNED)
