Subject: EB-2014-0112: Summary of conference call

Hi Deanne,

Further to our discussions over the phone, Board staff did not have any identified changes to the rate model filed with Sioux Lookout Hydro Inc.'s 2015 IRM application. Additionally, Sioux Lookout Hydro Inc. confirmed that it does not serve any class A or Wholesale Market Participant customers.

Please confirm Board staff's understanding of the discussions. Once confirmed this e-mail along with your reply, will be filed with the Board to summarize the record for proceeding.

Regards,

Stephen Vetsis
