Dear Christiane,

Please find below the updated bill impacts for Midland PUC rate classes under one and two year rate rider recovery periods. Midland PUC has applied for a two year recovery period in order to mitigate the rate impacts for the General Service 50 to 4,999 kW customer class. Although the total bill impacts do not vary significantly, Midland PUC is attempting to mitigate the dollar value impacts for the General Service 50 to 4,999 kW customer class.
