Dear Ms. Walli:

**Re: Toronto Hydro-Electric System Limited
Application for Rates
Board File Number EB-2014-0116**

In accordance with the Board Panel's direction at the end of the Motion Hearing of January 30, 2015, please find attached the Hearing Plan. This has been prepared by Board staff based on information received from the parties.

The Hearing Plan includes a listing of the panels that will be appearing and the areas they will be covering as well as summaries of estimated total examination-in-chief/cross-examination times that have been received and a day-by-day breakdown of these estimates, as well as any overage in the estimates given that eight hearing days have been scheduled. The total of the estimates provided would indicate that close to 12 hearing days will be required.

The day-by-day allocations of cross-examination times in the Hearing Plan are intended to provide an indication as to when the various panels will be on and off the stand, but are not intended to necessarily represent the specific order of cross-examination that will take place as this has not yet been agreed among the parties.

Yours truly,
