Dear Ms. Walli,

RE: EB-2015-0040 - Consultation on the Regulatory Treatment of Pensions and Other Post-Employment Benefit Costs - London Property Management Association Notice of Intervention and Request for Cost Eligibility Determination

Statement of Interest

1. The London Property Management Association (“LPMA”) is a non-profit organization whose overall goal is to help property managers and those who own/operate residential income properties in the City of London and surrounding communities. The LPMA offers information and assistance to its members to help them deal with the legislation, rules and regulations that affect their business.
2. LPMA is made up of approximately 400 landlord members ranging from single unit owners to managers and owners of in excess of 2,000 units. The membership consists of a representative cross section of the rental property owners in the London area. In total, the LPMA members own or manage more than 35,000 rental units in the London area.
3. LPMA members receive regulated services primarily from Union Gas Limited, London Hydro, Hydro One Networks and Ontario Power Generation. The membership of the LPMA wishes to intervene in this consultation because the issues, methodologies and impacts raised by the consultation may result in changes to regulated rates and/or costs. The views of these businesses should be considered in this proceeding.
4. LPMA intends to actively participate in this consultation for the purpose of ensuring the record in this proceeding is complete and to make submissions on the issues which are raised in the consultation.

Intervention

5. LPMA hereby gives notice of its intention to intervene in, and appear at, all phases of the consultation.
6. LPMA reserves the right to be heard, to appear by or with counsel and/or consultant, to participate on all matters raised during the consultation that may relate to its interests and to present submissions.

7. LPMA hereby requests that the Board and all other parties provide it with copies of all correspondence related to the consultation.

Cost Eligibility

8. LPMA intends to seek an award of costs and is requesting that the Board determine that it is eligible for an award of costs.

9. As indicated above, the LPMA is comprised of small and mid-sized commercial customers that take regulated services from a number of regulated entities. Its members have a substantial interest in these proceedings, including all issues that affect rates and services available to them.

10. LPMA submits that it is eligible to apply for a cost award based on section 3.03 (a) of the Practice Direction on Cost Awards, revised April 24, 2014. In particular, LPMA “primarily represents the direct interests of consumers (e.g. ratepayers) in relation to regulated services”.

11. The Board has found the LPMA to be eligible for cost awards in numerous natural gas and electricity proceedings before the Board. As indicated above, the LPMA is intervening on behalf of its members which are consumers (i.e. ratepayers) in relation to regulated services provided by regulated entities. As such, the LPMA submits that it is eligible for a cost award under Section 3.03.

12. LPMA has conformed with section 3.03.1 of the Practice Direction, as a party that frequently applies for intervenor status and cost award eligibility in Board proceedings. The information requested in section 3.03.1 was filed with the Board in May, 2015, which can be found on the Board's website, here:
