LETTER OF COMMENT

Comments:

I am so disgusted that you's would even consider raising hydro one rates. Does anyone at Ontario Power Generation Inc. come out of their offices and see how rural Ontario hydro one customers have to live, how high their hydro bills are. How they can't afford to put their children in organized sports or even feed their families because there is no left over money after paying hydro one. The gall of you people to even think about raising rates again. Shame on you all.
