Dear Ms. Walli:

**Board File No. EB-2014-0370 --- Ontario Power Generation Inc.
Disposition of Certain Deferral and Variance Account Balances
Energy Probe – Final Submissions**

Pursuant to the Decision on Settlement Proposal and Procedural Order No. 8, issued by the Board on June 23, 2015 in respect of Ontario Power Generation Inc. (OPG), the following are the Submissions of Energy Probe Research Foundation (Energy Probe) in the EB-2014-0370 proceeding for the consideration of the Board.

The unsettled matter in this proceeding concerns whether certain amounts recorded in the period January 1, 2014 to October 31, 2014 in all accounts, except the Pension and OPEB Cost Variance Account, are appropriate. The parties to the Settlement Proposal agreed that a written hearing of the unsettled matter would be appropriate.

Intervenors in this matter conferred both electronically and by conference call to reach a wide consensus. Energy Probe has had the opportunity to review both the draft and the Final Argument of the School Energy Coalition (SEC) in this proceeding. Energy Probe supports and adopts SEC's argument.

Should you require additional information, please do not hesitate to contact me.

Energy Probe requests that it be awarded 100% of its reasonably incurred costs for participating in this proceeding.
