Dear Ms. Innis:

**Re: EB-2015-0029, Union Gas Limited 2015-2020 Demand Side Management (DSM)
Plan – Draft Rate Order**

Dear Ms. Innis,

The Board has received your response to Board staff's submissions dated April 6, 2015, in which you state: "In its submission Board staff made certain assumptions and invited Union to provide any further clarification that it believes may be necessary in its reply submission. Union does not have any further clarification to provide and requests that the Board approve the draft Rate Order as filed."

The response does not actually confirm that Union agrees with the assumptions Board staff made in its submission. The OEB hereby requests that Union file a letter confirming Board staff's assumptions, or, alternately, correcting any incorrect assumptions. Union should also confirm that the draft rate order is correct.

Yours Truly,

Board Secretary
