Subject: Request for pole rental increase - EB-2015-0141

Another request by Hydro One, isn't this a surprise and OEB will agree to this too, isn't that your mandate, accept all requests by Hydro One no matter what the cost to the public, who are overcharged by this thieving company to start with.

Well, I might be wasting my breath but I will ask that you deny this request by Hydro One, not only will it put small enterprises out of business but hurt the public once again.

Thank you,
Nancy Moisan
