**RE: EB-2016-0186 Union Gas Panhandle Reinforcement Project
FRPO Provision of Evidence**

We are writing on behalf of the Federation of Rental-housing Providers of Ontario (“FRPO”) in regard to the Panhandle Reinforcement Project. In respect of the Board’s Procedural Order No. 2, we appreciate the Board’s provision of a Technical Conference.

While we received some clarifications on the evidence and interrogatories at the Conference, there are still significant outstanding undertaking requests, accepted and undelivered or rejected, which make the determination of the value of additional intervenor evidence to the Board difficult. Upon consideration of this status and outstanding concerns we have with the answers received to this point, we will be filing a motion early next week to seek the Board’s determination on the appropriateness and relevance of our inquiries that were rejected for the purpose of accessing this information.

It is our hope and belief that full and complete answers to our stated inquiries would provide the Board with the evidence required to understand the alternatives considered relative to the Pipeline Project.

Respectfully Submitted on Behalf of FRPO,

Dwayne R. Quinn
Principal
DR QUINN & ASSOCIATES LTD.
