Hello,

Last week we sent you a new license application; however, can you please retract that application. Instead, we would like apply for the licence amendment.

Here's the necessary information you require:

**Name and address of generation facility;**

Pearl Street Steam Plant  
 120 Pearl Street, Toronto, ON, M5H 1L2

**Size, fuel type, and number of units;**

2 MW, Natural Gas, 2 Units

**Name of the owner and operator;**

Enwave Energy Corporation  
 Peter Ng | Vice President, PSSP Operations

**Relevant financial information related to the amendment, (e.g., capital cost of the project(s), brief description of financing arrangements, date that generator is expected to be operational); and**  
 Please see attached (in PDF.)

*NOTE: Enwave Energy Corporation has a Generator License number EG-2007-0600. We would like to update our license by adding new facility and update the contact/financial information.*

Please let us know if you need additional information to facilitate with our request.

Thank you,

**Tej Sangani**  
 Project Coordinator | Enwave Energy Corporation
