UNION GAS LIMITED

Answer to Interrogatory from
Industrial Gas Users Association (“IGUA”) regarding CAEPLA-PLC Evidence

Reference: Issues 6 and 7.

Can Union provide any assessment of the incremental costs of the measures that CAEPLA-PLC proposes Union adopt to address landowner concerns? If so, please provide it. Please include in the response an indication of which measures drive significant incremental costs and provide an estimate of how much each such measure will cost.

Response:

The measures agreed to in the settlement between Union and CAEPLA-PLC (as filed Friday December 2, 2016) can be accommodated within the existing budget and result in no significant incremental costs.
