Mr. Brian Hewson
Vice President, Consumer Protection & Industry Performance
ONTARIO ENERGY BOARD

Dear Mr. Hewson

Re: OEB FILE NO.: EB-2015-0268

We do not market to any low volume consumers. Also, as of January 1, 2017, we have not signed any clients that consume less than 50,000 cubic meters per year. We understand that prior to offering any new contracts or renewal contracts to clients; Access Gas Services must send the OEB its new contract that complies with legislation and OEB requirements.

Yours truly,
