3 Supply of electricity and natural gas and billing

3.1 You are the Account Holder or the Account Holder's agent

You have told us that:

- a. you are the Account Holder for the Business; or
- b. the Account Holder has given you permission to enter into this Contract to supply electricity and natural gas to the Business.

3.2 Enrolling you as a new customer

Before we provide electricity and natural gas for the Business, we have to take two steps.

Step one: We must enrol you as a new customer. *[Energy retailer to insert, if applicable: This may involve a standard credit check.]*

Step two: We will ask your Gas Utility and your Electricity Utility to switch you to the Contract Price for the electricity and natural gas used in the Business. This switch is a change to the supply arrangement information on your Gas Utility and Electricity Utility accounts, and will not interrupt electricity or natural gas service to the Business.

You agree that we can act as your agent for the purpose of asking your Gas Utility and your Electricity Utility to switch you to the Contract Price and for the purposes of arranging for the supply of electricity and natural gas used in the Business and managing this Contract. You also agree that your Gas Utility and your Electricity Utility can give us information about the gas and electricity accounts for the Business that we need in order to enrol you and to manage this Contract.

3.3 Start date of supply

We will start supplying electricity and natural gas to the Business under this Contract after your Gas Utility and your Electricity Utility has finished switching you to the Contract Price.

Normally, we will start supplying the Business under this Contract within *[energy retailer to enter number]* days from when the Gas Utility and the Electricity Utility finish switching you to the Contract Price.

We do not control how fast your Gas Utility or your Electricity Utility will do the switch. Some of the reasons why it can take longer for us to start supplying your electricity or natural gas are:

- a. Mistakes in the information that we have about you
- b. If your Gas Utility or your Electricity Utility does not tell us they have done the switch
- c. If your Gas Utility or your Electricity Utility takes longer than usual to do the switch for any other reason that we cannot control

3.4 Delivery and billing

Your Gas Utility and your Electricity Utility will continue to deliver natural gas and electricity to the Business. They will also continue to read your natural gas and electricity meters.

Your Gas Utility and your Electricity Utility will also normally continue to bill you on our behalf for electricity and natural gas supplied to the Business under this Contract. Your electricity and natural gas bills will be sent to you in accordance with your Gas Utility's and your Electricity Utility's usual requirements and schedules for things like billing and payment dates and security deposits.
