Dear Ms. Walli

Re: EB-2015-0040 Consultation on the Regulatory Treatment of Pensions and Other Post-Employment Benefit Costs

The Electricity Distributors Association (EDA) represents the voice of Ontario's local electricity distribution sector, which safely and reliably delivers power to millions of homes, businesses and public institutions. The distribution sector as a whole employs 10,000 people directly, holds \$19 billion in assets and makes hundreds of millions in direct contributions to both municipal and provincial revenues.

The following comments on the Report of the Ontario Energy Board in the above named proceeding reflect the input received from subject matter experts across Ontario's electricity distributors.

Please refer any questions or comments on the EDA's response to Kathi Farmer, Senior Regulatory Affairs Advisor at kfarmer@eda-on.ca or 905.265.5333.

Sincerely
