The OEB will hold a public hearing to consider the application filed by Centre Wellington Hydro. During the hearing, we will question Centre Wellington Hydro on its case for a rate increase. We will also hear questions and arguments from individual customers and from groups that represent Centre Wellington Hydro's customers. At the end of this hearing, the OEB will decide what, if any, rate increase will be allowed.

Distributors such as Centre Wellington Hydro typically apply for a full review of their rates every five years. Any rate changes for the years in between are made by applying an OEB-approved formula which is tied to inflation and other factors intended to promote efficiency. You may not get notice of future rate changes made by applying the formula.
