Kitchener-Wilmot Hydro Inc. applied to the Ontario Energy Board to change its electricity distribution rates effective January 1, 2018. The requested rate increase is set using an Ontario Energy Board-approved formula which is tied to inflation and other factors intended to promote efficiency.

Kitchener-Wilmot Hydro Inc. has also applied for approval to correct balances in two Retail Settlement Variance Accounts that were previously approved for disposition by the Ontario Energy Board. If this request is approved all of Kitchener-Wilmot Hydro Inc.'s customers may be affected.

THE ONTARIO ENERGY BOARD WILL HOLD A PUBLIC HEARING

The Ontario Energy Board (OEB) will hold a public hearing to consider Kitchener-Wilmot Hydro's request. We will determine whether the company has used the applicable models and formulas required by the OEB and whether to approve Kitchener-Wilmot Hydro's request to correct regulatory account balances in the affected Retail Settlement Variance Accounts previously approved by the OEB. We will also hear questions and arguments from individual customers and from groups that represent Kitchener-Wilmot Hydro's customers. At the end of this hearing, the OEB will decide what, if any, rate change will be allowed.

The OEB is an independent and impartial public agency. We make decisions that serve the public interest. Our goal is to promote a financially viable and efficient energy sector that provides you with reliable energy services at a reasonable cost.
