Dear Ms. Walli:

**EB-2017-0050 Hydro One Networks Inc. - Distribution Rate Application – Former Service Areas of Woodstock Hydro Services Inc, Norfolk Power Distribution Inc, Haldimand County Hydro Inc.**

---

Hydro One Networks Inc. (“Hydro One”) submitted an application on August 14, 2017 for the implementation of electricity distribution rates to be effective January 1, 2018 for the service areas formerly served by Norfolk Power Distribution Inc., Haldimand County Hydro Inc., and Woodstock Hydro Services Inc. On October 27, 2017, OEB Staff contacted Hydro One, with followup questions regarding the continuity schedules for the former Haldimand County Hydro Inc. and Woodstock Hydro Services Inc. service areas. In both instances, OEB Staff identified some residual balances in certain Account 1595 Sub-Accounts which had been cleared in prior rate cases. OEB staff asked Hydro One to provide justification for disposing those amounts or to file updated Rate Generator Models which removed those amounts for disposition.

Hydro One takes no issue with removing the nominal amounts identified by OEB staff from the proposed balances requested for disposition. Hydro One does note that the residual balances are a credit of \$143 for the former Haldimand County Hydro Inc. service area and \$220 for the former Woodstock Hydro Services Inc. service area. In the event that the OEB approved this adjustment in its decision, Hydro One would write off the credits noted above.

With this letter Hydro One is submitting updated Rate Generator Models for the former Haldimand County Hydro Inc. and Woodstock Hydro Services Inc. service areas which remove the residual balances in the Account 1595 Sub-Accounts identified by OEB staff.

If further clarification or additional information is needed please feel free to contact us at [Regulatory@HydroOne.com](mailto:Regulatory@HydroOne.com).

Sincerely,

ORIGINAL SIGNED BY FRANK D'ANDREA
