Dear Ms. Walli:

**Re: File Number EB-2017-0032, Centre Wellington Hydro Ltd., Specific Service
Withdrawal of Request for Intervenor Status**

On December 6, 2017 we wrote to the Board on behalf of Rogers Communications Canada Inc. (“**Rogers**”) in respect of the above-referenced proceeding requesting intervenor status to address the issue of pole attachment charges.

On December 12, 2017, counsel to the Board Staff advised Rogers of the settlement proposal that had been filed by Centre Wellington on December 8, 2017. On the basis of that proposal, Rogers hereby withdraws its request for intervenor status.

Sincerely,

Jay Kerr-Wilson
