Ms. Kirsten Walli  
Board Secretary  
**Ontario Energy Board**  
2300 Yonge Street  
27<sup>th</sup> Floor  
Toronto, Ontario  
M4P 1E4

Dear Ms. Walli:

**RE: Ontario Energy Board File Numbers: EB-2017-0224 / EB-2017-255  
2018 Cap & Trade Compliance Plans - Enbridge Gas Distribution Inc. and Union Gas Limited**

**Intervention Request - Ontario Association of Physical Plant Administrators (OAPPA)**

Aagent Energy Advisors Inc. has been retained by the Ontario Association of Physical Plant Administrators to assist the association on matters related to the above-noted proceeding. Aagent is submitting this letter of intervention on behalf of OAPPA.

OAPPA is requesting status as an intervenor in the EB-2017-0224 / EB-2017-0255 proceeding and provides the following information:

1. OAPPA is a not-for-profit organization whose membership includes the physical plant administrators for Ontario universities. The majority of the universities are customers of either Enbridge Gas Distribution or Union Gas, with some being non-large final emitters and others being large final emitters. As ratepayers, all will be affected to some degree by the outcome of this proceeding and therefore, the proceeding is of direct interest to OAPPA. At this time, OAPPA anticipates being active in most aspects of the proceeding.
2. OAPPA seeks a determination that it is eligible for an award of costs. With respect to the cost eligibility criteria set out in section 3.03 of the Ontario Energy Board's Practice Direction on Cost Awards, in particular criterion (a), OAPPA represents the direct interests of certain ratepayers (institutional energy consumers) in relation to regulated services. Please note that in the past, OAPPA has been determined to be eligible for cost awards.
3. The information required by Section 3.03.1 of the Board's Practice Direction on Cost Awards is provided in Attachment 1 to this letter.

4. OAPPA requests that all correspondence and documents be directed to:

Valerie Young  
Director, Research and Analysis  
Aegent Energy Advisors Inc.

### ONTARIO ASSOCIATION OF PHYSICAL PLANT ADMINISTRATORS

#### Information Required by Section 3.03.1 of the Practice Direction on Cost Awards

The Ontario Association of Physical Plant Administrators (OAPPA) is a not-for-profit organization whose membership includes the physical plant administrators for the following institutions:

Algoma University College  
Brock University  
Carleton University  
University of Guelph  
Lakehead University  
Laurentian University  
McMaster University  
Nipissing University  
Ontario College of Art and Design University  
University of Ottawa  
Queen's University

Ryerson University  
University of Toronto  
University of Toronto – Mississauga  
University of Toronto – Scarborough  
Trent University  
University of Ontario Institute of Technology  
University of Waterloo  
Western University  
Wilfred Laurier University  
University of Windsor  
York University

OAPPA's Mission Statement: To assist higher education facilities officers and staff develop, maintain and promote high standards and professional ideals for the management of campus facilities.

The objective of OAPPA is to promote co-operation among physical plant administrators of the provincially-assisted universities of Ontario, and other groups, on matters relating to staff development and planning, construction, operation and maintenance of facilities. The OAPPA Energy Committee meets regularly to review and discuss provincial government reporting such as that required under Ontario Regulation 397/11 (Energy Conservation and Demand Management Plans) and the Greenhouse Gas Emissions Reduction Program. The committee is also involved with the sector-wide benchmarking of energy performance, energy purchasing and hedging strategies, and market analysis.

OAPPA participates in Ontario Energy Board proceedings through its Energy Committee. Its participation in natural gas related proceedings focuses primarily on the rate proceedings of Enbridge Gas Distribution and Union Gas. The majority of OAPPA members are customers of either Enbridge or Union. From an operating perspective, the rate structures, rate levels, and terms and conditions of service of the utilities are of direct importance to OAPPA.

Consistent with the main objective of OAPPA, most interventions are conducted through the association rather than by individual members. Since issues are frequently of common interest, an OAPPA intervention provides the opportunity to address matters in a coordinated, efficient, and cost-effective way.

OAPPA is assisted in its interventions in natural gas proceedings by its external advisor, Aegent Energy Advisors Inc. Aegent performs a number of functions: providing case management services, assisting OAPPA to understand the issues and identify those on which it will participate actively, advising on the formulation of positions, and representing OAPPA at the Board. The Chair of the OAPPA Energy Committee is Aegent's primary contact, and the current Chair of this Committee is Mr. Nathan Splinter, Energy Management, Physical Plant Services, Queen's University. Aegent's representative is Valerie Young, Director – Research and Analysis.
