Dear Ms. Walli,

**RE: EB-2018-0081: TransCanada Energy Ltd. Generator Amendment Application (EG-2009-0024)**

On January 17, 2018, TransCanada Energy Ltd. ("TCE") filed an application to amend Schedule 1 of its licence to remove from TCE's licence the following facilities that will be operated by Canadian Solar O and M (Ontario) Inc. ("Canadian Solar"), effective upon Canadian Solar's completion of the Independent Electricity System Operator's ("IESO") registration process:

- Liskeard 1 Solar;
- Liskeard 3 Solar; and
- Liskeard 4 Solar; (collectively the "Liskeard Facilities")

On February 1, 2018, the Ontario Energy Board ("OEB") ordered that TCE's licence will be amended on the date the OEB receives written confirmation that the transfer of dispatch rights over the Liskeard Facilities to Canadian Solar has been completed. This letter is to confirm that effective March 1, 2018 Canadian Solar has completed the IESO registration process and the transfer of the dispatch rights over the Liskeard Facilities to Canadian Solar has been completed. Accordingly, effective March 1, 2018, Canadian Solar is the operator of the Liskeard Facilities.

If you require any additional information, please don't hesitate to contact the undersigned.

Sincerely,

**TRANSCANADA ENERGY LTD.**
