Ms. Kirsten Walli
Ontario Energy Board
P.O. Box 2319
2300 Yonge Street, 26th Floor
Toronto, ON M4P 1E4

Dear Ms. Walli:

**Re: Enbridge Gas Distribution Inc. (“Enbridge”)
Ontario Energy Board (“Board”) File No.: EB-2018-0096
Liberty Village Pipeline Project – Update**

We are writing to you further to Enbridge Gas Distribution’s (“Enbridge”) leave to construct application for the Liberty Village Pipeline Project (the “Project”). Enbridge’s original application for the Project did not include the build of a small pipeline that is needed to provide gas supply to new customers in Liberty Village. The additional pipeline is 85 meters of nominal pipe size (“NPS”) 4 inch plastic pipe. It will start at the intersection of East Liberty Village Street and Western Battery Road where it will connect with the existing NPS 6 gas main and run north on Western Battery Road.

Enbridge will be providing an updated Environmental Report (“ER”) for the Project and intends to update all Exhibits in the original application impacted by this additional build by June 13, 2018.

Please contact the undersigned if you have any questions,

Sincerely,

(Original Signed)

Joel Denomy, M.A. CFA
