TO: All the parties in EB-2017-0182 and EB-2017-0194

Dear Parties:

**Re: Upper Canada Transmission Inc. (NextBridge) Application for Leave to Construct the East-West Tie Line Project
OEB File Number: EB-2017-0182**

On July 27, 2018, the Ontario Energy Board (OEB) received a request from Hydro One Networks Inc.'s counsel asking to extend the timeline for filing written interrogatories arising from NextBridge's undertaking responses on development costs filed on July 23, 2018. Having considered this request, the OEB extends the timelines set out in Procedural Order No. 6 for all parties by one week. As a result, the timelines are now as follows:

1. OEB staff and intervenors may pose questions to NextBridge specifically pertaining to the Development Cost Undertakings, by way of written interrogatories filed with the OEB and served on all parties on or before **August 14, 2018**.
2. NextBridge shall file with the OEB complete written responses to interrogatories and serve them on all parties on or before **August 24, 2018**.

Yours truly,
