The Ontario Energy Board (OEB) received Algoma Power Inc.'s 2019 Price Cap IR application on August 13, 2018. The OEB has assigned file number EB-2018-0017 to the application. The OEB has completed its preliminary review and has determined that it will now commence processing of your application. An employee of the OEB, to whom authority has been delegated under Section 6 of the *Ontario Energy Board Act, 1998*, intends to make a decision on the application without holding a hearing.

Your application is available on the [2019 EDR webpage](#) of the OEB's website. You are directed to make a copy of the application available in a prominent place on your company's website within 3 business days.

OEB staff may have questions regarding the application and will be in contact with you directly throughout the course of the application review. OEB staff may contact you by email and/or by telephone. OEB staff has scheduled a teleconference for September 18, 2018, in the event that there are matters that need to be discussed further. Please

If any additional information is received from you in response to OEB staff questions, OEB staff will update the applicable models as necessary. All changes to the models will be documented and provided to you no later than October 9, 2018. OEB staff will also outline any additional information that you need to provide.

If you have any comments regarding the updated models, please provide them to OEB staff, along with any additional information requested by OEB staff, no later than October 16, 2018.

Where possible, a draft rate order and all applicable models will be enclosed for comment. In some circumstances you may be required to file a separate draft rate order. The delegated decision maker will consider your comments and issue a final decision and rate order.
