4. The coalition of the FMTA and OCSCO under the name VECC has the specific mandate of intervening in proceedings to advocate on behalf of the interests of Ontario's vulnerable consumers with respect to energy issues, primarily through intervention in regulatory proceedings at the Ontario Energy Board.
5. Although the organization is not itself a member of VECC, the Public Interest Advocacy Centre (PIAC) in Ottawa assists in the representation of the interests of vulnerable consumers by ensuring the availability of competent representation and consultant support to the VECC participation.
6. VECC is a frequent intervenor in Board proceedings. Our annual information filing can be found on the Board's website at:

### **GROUNDS FOR THE INTERVENTION**

10. OPG is seeking payment riders for the output of the regulated hydroelectric facilities of \$1.65/MWh for the period from January 1, 2019 to December 31, 2020, and \$1.56/MWh for the period from January 1, 2021 to December 31, 2021; and for the output of the nuclear facilities of \$4.55/MWh for the period from January 1, 2019 to December 31, 2019, \$4.76/MWh for the period from January 1, 2020 to December 31, 2020, and \$3.43/MWh for the period from January 1, 2021 to December 31, 2021. OPG estimates the average incremental impact of the proposed payment riders and 2019 HPA on a typical residential customer's monthly bill to be \$0.39, or 0.34%, per year over the 2019-2021 period.
11. VECC was a party in EB-2016-0152, the Board proceeding under which these proposed deferral and variance account disposition is being made.

### **INTERESTS OF THE INTEVENOR**

12. VECC is intervening in order review and test the evidence supporting the balances in the deferral and variance accounts and the proposed methodology of recovery. VECC is also seeking to ensure the proposal to dispose of the accounts is in accordance with the Board's decision in EB-2016-0152.

### **INTENTION TO SEEK COST AWARDS**

13. VECC will be requesting an award of costs for its participation in this proceeding and believes that, as a coalition representing the direct interests of consumers, it meets the eligibility criteria set out in the Ontario Energy Board's Rules of Practice and Procedure (Section 41) and its' Practice Direction on Cost Awards (Section 3.03).
14. VECC's members do not have access to the direct funding required to retain appropriate legal and consulting support for its intervention in OEB proceedings. Accordingly VECC relies on PIAC to provide legal support and retain qualified consultants on the basis that PIAC can recover the related fees and disbursements from the Board based on the Board's Practice Direction on Cost Awards at the prevailing Cost Award Tariff.
