Dear Ms Walli:

**Re: Combined Proceeding - EB-2017-0182, EB-2017-0194, EB-2017-0364**

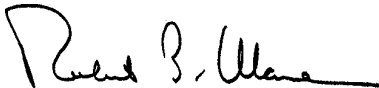

We are counsel to Hydro One Networks Inc. in the Combined Proceeding. We write to bring to your attention an error which appears in paragraph 6 of our client's Argument-in-Chief.

That paragraph contains a statement that our client's LSL application provides benefits to Ontario's ratepayers in the form of lower revenue requirements in the amount of approximately \$50 million per year. The long-term benefits are in an amount of approximately \$13 million per year.

We apologize for this error.

Yours truly,

**WeirFoulds LLP**
