Attention: Ms. K. Walli, Board Secretary

Dear Ms. Walli:

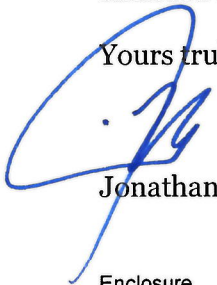

**Re: Wataynikaneyap Power LP - Leave to Construct (EB-2018-0190)
– Applicant Interrogatory Responses**

We are legal counsel to Wataynikaneyap Power GP Inc. and Wataynikaneyap Power LP (together, “WPLP”) in connection with the above-referenced application. On October 19, 2018 the Ontario Energy Board (the “Board”) issued Procedural Order No. 1, which required Intervenors and OEB staff to file interrogatories by November 12, 2018. Enclosed are WPLP’s responses to the interrogatories received from OEB staff on November 12 and from Hydro One Remote Communities Inc. (“HORCI”) on November 14. These materials have been filed on RESS and copies are being provided to all parties.

Please note that a number of interrogatories requested information not in WPLP’s possession or relating to activities not under WPLP’s control. In an effort to provide complete responses, WPLP sought and received information and helpful input from each of the IESO, Hydro One Networks Inc. and HORCI. WPLP appreciates the assistance they each provided.

WPLP also notes that its response to Board Staff IR 26 includes commercially sensitive information relating to its cost estimates for individual stations and line segments. Disclosure of this information could prejudice WPLP’s position in its RFP process for EPC services, which is currently in ongoing, and related commercial negotiations. As such, WPLP requests confidential treatment of and has redacted that response. A non-redacted confidential copy is enclosed for the Board in accordance with its Practice Direction on Confidential Filings.

Yours truly,

Jonathan Myers
