I did climate change research for a project and I knew nothing about the OEB. By coming to this meeting I can clarify five things that matter.
I feel better about consuming electricity and conserving energy. I'm a new Toronto hydro customer, but it was really important to make me be at this meeting. I feel appreciated to be someone that was here. So all I can think about now is that I pay hydro and get it at home, and that's great. Thank you.
