The merger between Union Gas and Enbridge Gas Inc. has so far been detrimental to customers of Union Gas. Enbridge clearly does not respect the cost of living in the GTA and has applied for an increase that will serve their own pocketbooks, and not of those that they are to serve. Since the provincial government does not understand the consequences of its financial decisions in other utilities, it is up to the OEB to protect Ontarians from Enbridge Gas so that when the Ford government adds its "two cents" homeowners will be able to cope.
