Re: OEB Application 2018-0305

Hello,

I am writing to you regarding the OEB application by Enbridge gas to increase its natural gas rates by \$5.74 annually. Although it may seem like a small amount, for a widow like me these constant increases adds up. I have been working as a dental assistant at 3 part time locations for the last 15 years.

I do not get any health or medical benefit. My salary has not increased in any places for the last three years. I understand these are not any of Enbridge Gas or OEB's concern. However, as a monopoly of gas supplier to Toronto, Enbridge Gas' earning and share price has grown steadily. I can barely meet all my bills and grocery bills currently. So, I do not agree that consumers should pay a single cent more so that Enbridge Gas executives and CEO can pocket the money. I am officially opposing any increase in my gas fare through this notice. I would really like to be involved in OEB's hearing. However, due to my work hours, I cannot join the regular meetings. Please consider my comment in your final evaluations. Thanks.
