Enquiry:

Hi, I received an e-mail from Customer Care Enbridge gas for an upcoming hearing with the Ontario Energy Board to increase gas distribution rates. Cannot attend but would like to mention that we are paying a high rate for the gas distribution already in Ontario. Consumers cannot afford another increase with all the increases from Hydro Ottawa and the City Property Tax. Everything is getting expensive and citizens cannot afford an increase in gas. Appreciate if you can negotiate more with Enbridge and hold the rate increase. Thank you in advance, Guitta Wakim
