

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15, Schedule B;

AND IN THE MATTER OF the Ontario Energy Board's review of rate design for electricity distribution rates for commercial and industrial customers

**NOTICE OF INTERVENTION
OF THE
SCHOOL ENERGY COALITION**

1. The School Energy Coalition ("SEC") applies for intervenor status in this proceeding.
1. SEC is a frequent intervenor in Board proceedings. Our current Annual Filing can be found on the Board's website, here:
<http://www.rds.oeb.ca/HPECMWebDrawer/Record/589545/File/document>
2. The School Energy Coalition intends to apply for recovery of its costs reasonably incurred in the course of its intervention in this matter. SEC has participated in many past natural gas and electricity proceedings in Ontario, including consultations, rate cases, and other processes and hearings, and has been found eligible to be paid its reasonably incurred costs in all of those proceedings.

Issues to be Addressed

3. SEC's intended participation will focus on the following issues:
 - a. The proposed creation of a new class or sub-class for GS>10 customers,
 - b. The proposed addition of a capacity reserve charge, and its impact on customers (including schools), government policy, and the public interest generally;
 - c. The approach taken by OEB Staff to the development of new rate structures; and
 - d. Generally to represent the interests of school boards and their students in this process.

The Intervenor's Intended Participation

4. SEC intends to participate in any pre-hearing procedures, including interrogatories or technical conferences, and settlement conferences. SEC also intends to participate in any oral hearing of this matter, and in written or oral submissions, as well as any other parts of the process that the Board should order.
