Attention: Kirsten Walli, Board Secretary

Dear Ms. Walli:

**Re: Orillia Power Distribution Corporation ("Orillia Power")
2019 IRM Application – Board File No. EB-2018-0061**

On February 22, 2019, the Ontario Energy Board ("the Board") issued its Draft Decision and Order in the above noted proceeding. Orillia Power finds no issues with the findings of the Board in the Application. Orillia Power has reviewed the final rate model and the draft Tariff of Rates and Charges attached to the draft Decision as Schedule A. Orillia Power finds the Tariff of Rates and Charges to be complete and accurate.

Board Staff have updated Orillia Power's Tariff of Rates and Charges for changes to specific service charges in Report of the OEB – "Wireline Pole Attachment Charges" EB-2015-0304 issued March 22, 2018 and the Decision and Order on Energy Retail Service Charges EB-2015-0304 issued February 14, 2019. Orillia Power has given notice as of this date to the Board that it is opting out of the new "Notice to switch letter charge, per letter" of \$2.00. Accordingly, we request that this charge be removed from the Tariff sheet, page 10, Retail Service Charges.

Respectfully submitted,

Pauline Welsh
Manager of Regulatory Affairs
