

ONTARIO ENERGY BOARD

IN THE MATTER OF the *Ontario Energy Board Act, 1998*, S.O. 1998, c.15 (Sched. B);

AND IN THE MATTER OF the consultation with respect to the Ontario Energy Board's approach to develop a Demand Side Management (DSM) framework for natural gas distributors, beginning in 2021.

**NOTICE OF INTERVENTION
OF THE
SCHOOL ENERGY COALITION**

1. The School Energy Coalition ("SEC") applies for intervenor status in this proceeding.
1. SEC is a frequent intervenor in Board proceedings. Our current Annual Filing can be found on the Board's website, here:
<http://www.rds.oeb.ca/HPECMWebDrawer/Record/589545/File/document>
2. The School Energy Coalition intends to apply for recovery of its costs reasonably incurred in the course of its intervention in this matter. SEC has participated in many past natural gas and electricity proceedings in Ontario, including consultations, rate cases, and other processes and hearings, and has been found eligible to be paid its reasonably incurred costs in all of those proceedings.

Issues to be Addressed

3. SEC's intended participation will focus on the following issues:
 - a. The successes and failures from the current DSM Framework and programs;
 - b. The approach, methodology, and impact of the current methods of measuring the results of the DSM programs, and the cost of the current approach;
 - c. The amounts collected in rates to fund DSM program costs and incentives to the shareholders, and the cost-effectiveness of those amounts;
 - d. The allocation of those costs between various classes of customers;
 - e. Co-ordination of gas conservation with electricity conservation;
 - f. The merger of the former Union Gas and Enbridge Gas Distribution DSM programs into a single program, including but not limited to identification of efficiencies through that consolidation;
 - g. Evolution of DSM best practices in other jurisdictions around the world;
 - h. Interaction of gas utility DSM offerings with other government, utility, and private sector offerings and influences, particularly for conservation-sensitive customers like schools;

- i. Such other issues and concerns that may arise in the course of these consultations, or may be identified by the Board for inclusion; and
- j. Generally to represent the interests of school boards and their students in this process.

The Intervenor's Intended Participation

4. SEC intends to participate in all aspects of the consultation.
