To whom it may concern,

Please accept this letter as formal confirmation of my support for Metalore Resources Limited to construct a pipeline on my property, located within LOT 13, CONCESSION V, Charlotteville Township, Norfolk County, 1198 Turkey Point Road for the purpose to supply gas to the New Leaf Canada Inc. Walsh Facility, located on the south half of Lot 16, Concession 5, Norfolk County with a municipal address of 1195 Charlotteville Road 5, Simcoe, Ontario N3Y 4K1.

Armen Chilian, President of Metalore Resources Limited, has discussed the potential New Leaf Walsh Facility Project back in January and again today. I've made him aware of the area where piping could be installed and have been assured by Armen that installation will not hinder future plans for the farm. I have no objections to, and am in full support of, the New Leaf Walsh Facility Project, and the construction of a pipeline on my property for the purposes of supplying natural gas to New Leaf.

Sincerely,

A handwritten signature in black ink, appearing to read "Larry Benz", written in a cursive style.
