Dear Ms. Walli:

**Re: Electricity Distribution Licence No. ED-2002-0556
2020 Electricity Distribution Rate Application (EB-2019-0046)**

Hydro Ottawa confirms with the updated workform and model filed December 3, 2019 that it proposes to clear its Y Factor Account on an interim bases and will request final disposition of its Y Factor Account as part of its 2021 Rate Application. Please note, the Y Factor revenue requirement adjustment in the updated Deferral and Variance Account Workform does not reflect the Impact of Bill C-97, which includes the new Accelerated Investment Incentive rules. Hydro Ottawa will include any necessary adjustments related to Bill C-97 into Account 1592 - PILs and Tax Variances.

Please do not hesitate to contact me if you require anything further.

Respectfully,
