**Re: EB-2019-0271 Enbridge Gas Inc., 2021 Programs Roll-Forward and Post 2021 Framework
And EB-2019-0003 – Post-2020 Natural Gas Demand Side Management Framework**

Housing Services Corporation (HSC) reviewed Enbridge Gas Inc.'s May 25, 2020 Argument-in-Chief and request therein that the Ontario Energy Board (OEB) accelerate by two weeks the remaining schedule for the OEB Procedural Order No. 3.

HSC has also reviewed letters filed by BOMA on May 27, 2020 and the Low-Income Energy Network on May 28, 2020 supporting Enbridge's request for the acceleration of the Procedural Order No. 3 schedule.

HSC supports the requests of Enbridge, LIEN, and BOMA.

We work in support of the social housing sector in Ontario, a sector for which Enbridge's DSM programs are essential. It is in our sector's interest to ensure consistent and timely availability of DSM programs from 2020 into 2021 and beyond, with sufficient lead time to educate housing providers ahead of each transition between DSM Plans. It is our hope that accelerating the schedule as requested by Enbridge will enable the OEB, Enbridge, and intervenors to focus on the Post-2020 DSM Framework consultation following the OEB's decision on EB-2019-0271 - Enbridge's 2021 DSM Plan.

Sincerely,

A handwritten signature in blue ink, appearing to read 'MP.'.
