Dear Ms. Walli:

**Re: Bluewater Power Distribution Corporation ("Bluewater")  
Board File No.: EB-2008-0221**

---

I am writing in response to Procedural Order #2. In preparing this response AMPCO has had the opportunity to review the Board staff correspondence as well as VECC's, Bluewaters's and CME's. .

The Board has requested submissions with respect to the following three (3) issues:

**1. Whether further discovery is required, either in the form of further interrogatories or a technical conference.**

AMPCO does not require further discovery on its interrogatories, however, we do support the request from VESS and Board Staff for further clarification on their interrogatories.

**2. Whether a settlement conference would be appropriate**

AMPCO believes that a settlement conference would be beneficial to all parties. AMPCO is also supportive of Bluewater's request for a procedural meeting or conference call to take place before the settlement conference.

**3. Whether a written or oral hearing is preferred**

AMPCO agrees with CME's response that the OEB defer its decision until after the settlement conference. All parties can then assess whether their issues have been resolved, and the type of hearing necessary can be decided at that time.
