- UPDATE TO EVIDENCE -

Dear Ms. Walli

**RE: Fort Frances Power Corporation
2009 Incentive Regulation Mechanism (2009 IRM) Rate Application
Board File Number EB-2008-0228**

By letter dated December 17, 2008, the Board informed the electricity distributors of the approval it has given to the IESO regarding the level of charge the IESO may apply to its Market Participants for the Rural or Remote Electricity Rate Protection (RRRP) program.

In that letter, the Board stated: "Distributors that currently have a rate application before the Board shall file this letter as an update to their evidence along with a request that the RRRP charge in their tariff sheet be revised to 0.13 cents per kilowatt-hour effective May 1, 2009."

As a distributor that currently has a rate application before the Board, we are filing this letter as an update to evidence requesting that the RRRP change in our tariff sheet be revised to 0.13 cents per kilowatt-hour effective May 1, 2009.

If you have any questions or require any further information, please do not hesitate to contact me.

Sincerely,

FORT FRANCES POWER CORPORATION
