Ms. Kirsten Walli, Board Secretary  
**ONTARIO ENERGY BOARD**  
2300 Yonge Street, 27th Floor  
Toronto, ON M4P 1E4

Dear Ms. Walli:

**Re: EB-2008-0187: Hydro One Networks Inc. 2009 Incentive Regulation Mechanism  
Distribution Rate Application**

**Rogers Cable Communications Inc.'s (Rogers) Request for Intervention.**

By letter to me dated January 27<sup>th</sup>, the Board has requested advice regarding whether Rogers is still seeking intervenor status in the captioned proceeding, and if so the nature of its interest in the proceeding.

As noted in our January 6<sup>th</sup> intervention request letter on behalf of Rogers, at the time of filing that letter Rogers' was waiting to review Hydro One's draft 2008 rate order, in order to determine whether the rate mitigation that Hydro One was directed by the Board to apply at the customer level should apply to Rogers' USL facilities. Hydro One's draft 2008 rate order has since been filed with the Board and was reviewed on behalf of Rogers.

We can now confirm in respect of this 2009 rates proceeding that Rogers has not identified any concerns, and thus does not see the need to pursue its earlier intervention request. We are thus in a position to hereby formally withdraw Rogers' earlier request for intervention herein.

We trust that this is of assistance to the Board.

Yours truly,  
**MACLEOD DIXON LLP**
