**Appendix A**  
**Sample Letter to the LTLT Customers Proposed to be Transferred to Enersource Hydro**  
**Mississauga**

**YOUR ELECTRICITY DISTRIBUTOR MAY BE CHANGING**

Dear customer:

Your electricity distributor, Hydro One Brampton Networks Inc. with the consent of its neighbouring distributor, Enersource Hydro Mississauga Inc. filed an application with the Ontario Energy Board requesting changes to both distributors' electricity distribution service areas. If the application is approved, you will become a customer of Enersource. You are not required to take any action in response to this letter but you may wish to let the Ontario Energy Board know of any concerns you may have about the application.

As you know, you are currently a customer of Hydro One Brampton and charged Hydro One Brampton's rates for electricity distribution services. However, you may not know that your electricity is physically supplied by Enersource. You are within Hydro One Brampton's service area but are actually served electricity by Enersource. This arrangement is known as a long term load transfer.

The Ontario Energy Board requires geographic electricity distributors (in your case, Hydro One Brampton) to eliminate long term load transfer arrangements. One option available to distributors to meet this requirement is to permanently transfer the load transfer customers to the electricity distributor that physically supplies them (in your case, Enersource).

To eliminate the load transfer arrangements between Hydro One Brampton and Enersource, Hydro One Brampton with the consent of Enersource filed an application with the Ontario Energy Board for an order approving changes to both distributors' distribution service areas in order to transfer you to Enersource's service area. If the Board approves the application, you will become a customer of Enersource; you will be supplied and served by Enersource and will be charged Enersource's distribution rates. Your rates will not increase as a result of becoming a customer of Enersource.
