NOTICE OF APPLICATION AND WRITTEN HEARING

Application by Hydro One Brampton Networks Inc. for Licence Amendments and Sale of Distribution Assets

The Application

Hydro One Brampton Networks Inc. with the consent of Enersource Hydro Mississauga Inc. has filed an application with the Ontario Energy Board under the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, Schedule B, for an order of the Board:

- (a) amending the distribution service areas of Hydro One Brampton and Enersource to reflect the transfer of three customers from Hydro One Brampton to Enersource; and
- (b) approving the sale from Hydro One Brampton to Enersource of distribution assets necessary in serving the three customers proposed to be transferred from Hydro One Brampton to Enersource.

The Board has assigned file number EB-2009-0003 to the application. The application will be decided by the Counsel, Special Projects, who has been delegated this authority pursuant to section 6 of the Act. The Counsel, Special Projects, does not intend to provide for an award of costs when deciding this application.

Section 6.5.4 of the Distribution System Code

Section 6.5.4 of the DSC deals with long term load transfer ("LTLT") arrangements. A load transfer is a situation in which a customer is located in the licensed service area of one distributor (the "geographic distributor") but is physically served electricity by another distributor (the "physical distributor"). Section 6.5.4 of the DSC requires geographic distributors to eliminate their LTLT arrangements before January 31, 2009. This can be accomplished by either negotiating the transfer of the customers to the physical distributor or by the geographic distributor extending its system to connect the customers.

Service Area Amendments

According to the application, the service area amendment is being sought in order to eliminate the LTLT arrangement between Hydro One Brampton and Enersource through the transfer of three customers to the physical distributor. The applicant states that the service area amendment is the most cost efficient approach to eliminate this existing LTLT arrangement.

The customers proposed to be transferred to Enersource are currently located within Hydro One Brampton's service area but are physically supplied by Enersource. Presently, the customers are considered Hydro One Brampton customers and are being charged Hydro One Brampton's rates. The proposed amendments, if granted, will result in these customers becoming customers of Enersource and being subject to Enersource's distribution rates which are not higher than Hydro One Brampton's distribution rates according to the application. The customers are located within the Hydro One Networks Inc. High Voltage Tower Line Corridor located immediately west of Mavis Road, south of Highway 407.

Sale of Distribution Assets

Hydro One Brampton is seeking approval to sell to Enersource certain assets that are part of its distribution system and are necessary in serving the customers proposed to be transferred to Enersource. A nominal value of \$1 plus GST has been assigned to the assets as according to the application, Hydro One Brampton was reimbursed for the full cost of installation through a capital contribution from a customer. The assets will continue to be used to serve the same customers presently served by the assets.

How to See Hydro One Brampton's Pre-filed Evidence

Copies of the application and the pre-filed evidence in support of the application will be available for public inspection at the Board's office, at the address indicated below. Copies can also be viewed at Hydro One Brampton's office at the address indicated below.

How to Participate in the Hearing

The application will be decided by way of written hearing unless a party satisfies the Board that there is good reason for holding an oral hearing. If you object to a written hearing in this matter, you must provide written reasons why an oral hearing is

necessary. Any objections to a written hearing must be received by the Board and copied to the applicant within 10 days of the date this notice was served.

If you wish to participate in the written hearing, please file a written submission setting out your views on the application with the Board and deliver it to the applicant no later than 21 days after the date this notice was served.

If the applicant wishes to respond to the submission(s), the written response must be filed with the Board and delivered to any party that made submissions no later than 28 days after the date this notice was served.

How to File Documents with the Board
