Dear Ms Walli:

**Re: Greater Sudbury Hydro Inc.("Sudbury")/EB-2008-0230  
Interrogatories of the Consumers Council of Canada**

We have reviewed the interrogatories delivered by Board Staff. Those interrogatories cover most of the matters we would raise in our client's interrogatories, with the exception of the following:

1. Exhibit 1, Tab 2, Schedule 1, p. 3

Sudbury states that "in preparing this application, GSHi has considered the impact on its customers, with a goal to minimizing those impacts.

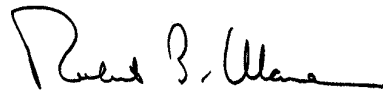

Please specify the measures that Sudbury has taken to minimize the impacts on its customers of the relief it seeks in the application.

2. Exhibit 1, Tab 2, Schedule 1, p. 3

In light of the severe economic downturn in Ontario, please identify the measures which Sudbury proposes to take to reduce its costs and, as a result, the impact on its customers of the relief it seeks? (Please note that Board Staff interrogatory number 31 asks a similar question, but limits it to possible reductions in capital expenditures).

Yours very truly,
