Ms. Kirsten Walli
Board Secretary
Ontario Energy Board
2300 Yonge Street
Toronto, Ontario

Dear Ms. Walli:

Re: EB-2009-0018 (GRAM Application)

I am hereby filing with you one electronic copy of the Application of Enbridge Gas Distribution Inc. ("Enbridge") in Word and PDF formats, and 2 copies of the Application with the supporting evidence (binder format) by courier, for an order approving or fixing interim rates for the sale, distribution, storage, and transmission of gas effective April 1, 2009. The Application and the supporting evidence were both prepared in accordance with the process for Enbridge's Quarterly Rate Adjustment Mechanism ("GRAM").

The GRAM process was originally prescribed and subsequently modified, respectively, in Settlement Proposals that were approved by the Board in the RP-2000-0040, RP-2002-0133 and RP-2003-0203 proceedings. A description of the GRAM process is attached to the Application as Appendix A.

This GRAM application also includes the rate impacts and revenue adjustment Rider E approved in the Board's decision and rate order in EB-2008-0219 dated February 23, 2009.

Enbridge is concurrently serving an electronic copy of the Application with supporting evidence in PDF format, or a hard copy (binder format) by courier, if requested, on the interested parties listed in Appendix B to this Application.

The following is the proposed procedural schedule for processing the Application, according to the prescribed regulatory framework for the GRAM process:

2009-03-03

Ms. Walli

- Any responsive comments from interested parties must be filed with the Board, and served on Enbridge and the other interested parties, on or before March 10, 2009.
- Any reply comments from Enbridge must be filed with the Board, and served on all interested parties, on or before March 17, 2009.
- The Board would thereafter issue an order approving the applied-for rate adjustments, or modifying them as required, effective April 1, 2009.

Enbridge requests the Board to issue such an order on or before March 24, 2009. Enbridge would then be able to implement the resultant rates during Enbridge's first billing cycle in April 2009.

The prescribed procedures for processing cost claims are as follows:

- Due to the mechanistic nature of the QRAM application, the Board does not anticipate awarding costs. Parties that meet the eligibility criteria contained in the Board's Practice Direction on Cost Awards may submit costs with supporting rationale as to how their participation contributed to the Board's ability to decide on this matter.
- Any party eligible for an award of costs must file a claim with the Board and Enbridge no later than ten days from the date of the Board's decision and order. Should Enbridge have any comments concerning any of the claims, these concerns shall be forwarded to the Board and to the claimant within seven days of receiving the claims. Any response to Enbridge's comments must be filed with the Board and Enbridge within seven days of receiving the comments.

Yours truly,
