NOTICE OF APPLICATION AND HEARING

Great Lakes Power Limited – Application to Transfer Transmission System
Great Lakes Power Limited – Application to Transfer Transmission Rate Order
Great Lakes Power Limited – Application to Transfer Leave to Construct Order
Great Lakes Power Limited – Application for Electricity Transmission Licence Amendment

Great Lakes Power Transmission Inc. on behalf of Great Lakes Power Transmission LP – Application for Electricity Transmission Licence

Great Lakes Power Limited ("GLPL") and Great Lakes Power Transmission Inc. ("GLPT") on behalf of Great Lakes Power Transmission LP ("GLPTLP") (altogether, the "Applicants") filed applications with the Ontario Energy Board (the "Board") dated June 4, 2007 under sections 18, 60, 74, and 86(1) of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, Schedule B.

GLPL is seeking leave of the Board to transfer its transmission system to GLPTLP. GLPL states that it will remain as operator of the transmission system but not the owner. GLPL is applying for a licence amendment to its electricity transmission licence (ET-2002-0247) to remove the owner qualification from its licence. GLPT on behalf of GLPTLP has applied for an electricity transmission licence to own the transmission system.

GLPL is also seeking leave of the Board to transfer its current transmission rate order dated December 8, 2005 and its leave to construct order from RP-2003-0120/EB-2003-0162 to GLPTLP. The applicants are not seeking any changes to the current rate order or the leave to construct as a result of the transfer to GLPTLP should the transfer be approved. These applications should not be construed as presenting an opportunity for participants to revisit any arguments made in those previous proceedings.

The Board has assigned the following file numbers to the applications:

- sale of the transmission system – EB-2007-0647;
- new transmission licence – EB-2007-0649;
- transfer of the existing rate order dated December 8, 2005 – EB-2007-0650;
- amendment of transmission licence ET-2002-0247 – EB-2007-0651; and
- transfer of the existing leave to construct order from RP-2003-0120/EB-2003-0162 – EB-2007-0652.

How to see the Applicants' Pre-filed Evidence

Copies of the applications and the pre-filed evidence in support of the applications will be available for public inspection at the Board's offices and at the Applicants' offices (address below).

AVIS DE REQUÊTE ET D'AUDIENCE

Great Lakes Power Limited – Requête de transfert de système de transport

**Great Lakes Power Limited – Requête de transfert
d'ordonnance sur les tarifs de transport**

**Great Lakes Power Limited – Requête de transfert
d'ordonnance d'autorisation de construire**

**Great Lakes Power Limited – Requête de modification
de permis de transport d'électricité**

**Great Lakes Power Transmission Inc., au nom de Great Lakes Power
Transmission LP – Requête de permis de transport d'électricité**

Great Lakes Power Limited (ci-après, « GLPL ») et Great Lakes Power Transmission Inc. (ci-après, « GLPT »), au nom de Great Lakes Power Transmission LP (ci-après, « GLPTLP ») (collectivement, les « Requéranants »), ont déposé des requêtes auprès de la Commission de l'énergie de l'Ontario (ci-après, la « Commission ») datées du 4 juin 2007 aux termes des articles 18, 60, et 74 ainsi que du paragraphe 86 (1) de la *Loi de 1998 sur la Commission de l'énergie de l'Ontario*, L.O. 1998, c. 15, Annexe B.

GLPL demande à la Commission l'autorisation de transférer son système de transport à GLPTLP. La société GLPL indique qu'elle demeurera l'exploitant du système de transport, mais qu'elle n'en sera plus le propriétaire. GLPL a déposé une requête de modification de son permis de transport d'électricité (ET-2002-0247) afin de ne plus

être considéré le propriétaire du système de transport. GLPT, au nom de GLPTLP, a déposé une demande de permis de transport d'électricité indiquant que GLPTLP est le propriétaire du système de transport.

GLPL demande également l'autorisation de la Commission de transférer à GLPTLP l'ordonnance sur les tarifs de transport datée du 8 décembre 2005 ainsi que l'ordonnance d'autorisation de construire (RP-2003-0120/EB-2003-0162). Si le transfert à GLPTLP est approuvé, les Requérants ne demandent aucune modification à l'ordonnance tarifaire actuelle ou à l'autorisation de construire. Ces requêtes ne doivent pas être interprétées comme une occasion pour les participants de revenir sur les arguments présentés dans les instances précédentes.

La Commission a assigné à ces requêtes les numéros de dossier suivants :

- vente du système de transport – EB-2007-0647;
- nouveau permis de transport – EB-2007-0649;
- transfert de l'ordonnance tarifaire existante datée du 8 décembre 2005 – EB-2007-0650;
- modification du permis de transport (ET-2002-0247) – EB-2007-0651;
- transfert de l'ordonnance d'autorisation de construire existante (RP-2003-0120/EB-2003-0162) – EB-2007-0652.

NOTICE OF APPLICATION AND HEARING

Great Lakes Power Limited – Application to Transfer Transmission System
Great Lakes Power Limited – Application to Transfer Transmission Rate Order
Great Lakes Power Limited – Application to Transfer Leave to Construct Order
Great Lakes Power Limited – Application for Electricity Transmission Licence Amendment

Great Lakes Power Transmission Inc. on behalf of Great Lakes Power Transmission LP – Application for Electricity Transmission Licence

Great Lakes Power Limited (“GLPL”) and Great Lakes Power Transmission Inc. (“GLPT”) on behalf of Great Lakes Power Transmission LP (“GLPTLP”) (altogether, the “Applicants”) filed applications with the Ontario Energy Board (the “Board”) dated June 4, 2007 under sections 18, 60, 74, and 86(1) of the *Ontario Energy Board Act, 1998*, S.O. 1998, c. 15, Schedule B.

GLPL is seeking leave of the Board to transfer its transmission system to GLPTLP. GLPL states that it will remain as operator of the transmission system but not the owner.

GLPL is applying for a licence amendment to its electricity transmission licence (ET-2002-0247) to remove the owner qualification from its licence. GLPT on behalf of GLPTLP has applied for an electricity transmission licence to own the transmission system.

GLPL is also seeking leave of the Board to transfer its current transmission rate order dated December 8, 2005 and its leave to construct order from RP-2003-0120/EB-2003-0162 to GLPTLP. The applicants are not seeking any changes to the current rate order or the leave to construct as a result of the transfer to GLPTLP should the transfer be approved. These applications should not be construed as presenting an opportunity for participants to revisit any arguments made in those previous proceedings.

The Board has assigned the following file numbers to the applications:

- sale of the transmission system – EB-2007-0647;
- new transmission licence – EB-2007-0649;
- transfer of the existing rate order dated December 8, 2005 – EB-2007-0650;
- amendment of transmission licence ET-2002-0247 – EB-2007-0651; and
- transfer of the existing leave to construct order from RP-2003-0120/EB-2003-0162 – EB-2007-0652.

How to see the Applicants' Pre-filed Evidence

Copies of the applications and the pre-filed evidence in support of the applications will be available for public inspection at the Board's offices and at the Applicants' offices (address below).

AVIS DE REQUÊTE ET D'AUDIENCE

Great Lakes Power Limited – Requête de transfert de système de transport

**Great Lakes Power Limited – Requête de transfert
d'ordonnance sur les tarifs de transport**

**Great Lakes Power Limited – Requête de transfert
d'ordonnance d'autorisation de construire**

**Great Lakes Power Limited – Requête de modification
de permis de transport d'électricité**

**Great Lakes Power Transmission Inc., au nom de Great Lakes Power
Transmission LP – Requête de permis de transport d'électricité**

Great Lakes Power Limited (ci-après, « GLPL ») et Great Lakes Power Transmission Inc. (ci-après, « GLPT »), au nom de Great Lakes Power Transmission LP (ci-après, « GLPTLP ») (collectivement, les « Requérents »), ont déposé des requêtes auprès de la Commission de l'énergie de l'Ontario (ci-après, la « Commission ») datées du 4 juin 2007 aux termes des articles 18, 60, et 74 ainsi que du paragraphe 86 (1) de la *Loi de 1998 sur la Commission de l'énergie de l'Ontario*, L.O. 1998, c. 15, Annexe B.

GLPL demande à la Commission l'autorisation de transférer son système de transport à GLPTLP. La société GLPL indique qu'elle demeurera l'exploitant du système de transport, mais qu'elle n'en sera plus le propriétaire. GLPL a déposé une requête de modification de son permis de transport d'électricité (ET-2002-0247) afin de ne plus

être considéré le propriétaire du système de transport. GLPT, au nom de GLPTLP, a déposé une demande de permis de transport d'électricité indiquant que GLPTLP est le propriétaire du système de transport.

GLPL demande également l'autorisation de la Commission de transférer à GLPTLP l'ordonnance sur les tarifs de transport datée du 8 décembre 2005 ainsi que l'ordonnance d'autorisation de construire (RP-2003-0120/EB-2003-0162). Si le transfert à GLPTLP est approuvé, les Requérants ne demandent aucune modification à l'ordonnance tarifaire actuelle ou à l'autorisation de construire. Ces requêtes ne doivent pas être interprétées comme une occasion pour les participants de revenir sur les arguments présentés dans les instances précédentes.

La Commission a assigné à ces requêtes les numéros de dossier suivants :

- vente du système de transport – EB-2007-0647;
- nouveau permis de transport – EB-2007-0649;
- transfert de l'ordonnance tarifaire existante datée du 8 décembre 2005 – EB-2007-0650;
- modification du permis de transport (ET-2002-0247) – EB-2007-0651;
- transfert de l'ordonnance d'autorisation de construire existante (RP-2003-0120/EB-2003-0162) – EB-2007-0652.

Comment consulter les documents présentés par les Requérants

Vous devez présenter votre requête dans une lettre d'intervention, laquelle doit parvenir au plus tard 10 jours après la publication du présent avis ou, si l'on vous a signifié le présent avis en main propre, au plus tard 10 jours après la date de signification. (ci-après, « GLPT »), au nom de Great Lakes Power Transmission LP (ci-après, « GLPTLP ») (collectivement, les « Requérants »), ont déposé des requêtes auprès de la Commission de l'énergie de l'Ontario (ci-après, la « Commission ») datées du 4 juin 2007 aux termes des articles 18, 60, et 74 ainsi que du paragraphe 86 (1) de la *Loi de 1998 sur la Commission de l'énergie de l'Ontario*, L.O. 1998, c. 15, Annexe B.

GLPL demande à la Commission l'autorisation de transférer son système de transport à GLPTLP. Great Lakes Power Limited ("GLPL") and Great Lakes Power Transmission Inc. ("GLPT") on behalf of Great Lakes Power Transmission LP ("GLPTLP") (altogether, the "Applicants") filed applications with the Ontario Energy Board (the "Board") dated June 4, 2007 under sections 18, 60, 74, and 86(1) of the *Ontario Energy Board Act*, 1998, S.O. 1998, c. 15, Schedule B.

GLPL is seeking leave of the Board to transfer its transmission system to GLPTLP. GLPL states that it will remain as operator of the transmission system but not the owner. The applicants are not seeking any changes to the current rate order or the leave to construct as a result of the transfer to GLPTLP should the transfer be approved. These applications should not be construed as presenting an opportunity for participants to revisit any arguments made in those previous proceedings.
