Dear Mr. Armstrong:

Re: Correction to the Veridian Connections Inc. ("Veridian")Licence

This letter is to advise you that two errors in the Veridian licence issued on February 2, 2009 have been corrected.

In your letter of February 13, 2009, you informed us that the map of the Brock Sunderland service area attached to the licence did not reflect the Board's decision granting the amendment of this service area. You also stated in your letter dated February 25, 2009 that reference to Thompson Road in the second sentence in point #12 of the service area description should be removed. Board staff has informed you that an updated Appendix B setting out Veridian's service areas is required in order to reflect these changes.

Veridian has provided an updated Appendix B with the correct map reflecting the recently approved amendment of this service area and also corrected point #12 in the corresponding service area description.

Please find attached the corrected licence.

Please direct any questions relating to this correction to Judith Fernandes, Project Advisor at (416) 440-7638.

Yours truly,
