Subject: **Hydro Ottawa Limited  
2009 Incentive Regulation Mechanism (2009 IRM) Rate Application  
Board File Number EB-2008-0188**

Dear Ms. Scott:

On March 16, 2009 the Board issued its Decision and Order for Hydro Ottawa Limited's ("Hydro Ottawa") 3<sup>rd</sup> Generation IRM rate application. In a letter dated March 17, 2009, Hydro Ottawa identified a formatting error on the draft Tariff of Rates and Charges attached to the Decision and Order. The formatting error relates to the placement of the table for dry core transformer charges.

Hydro Ottawa also identified in its letter that the price cap index adjustment for the low voltage charges was not changed from 0.98% to 1.18%.

Pursuant to section 43.02 of the Board's Rules of Practice and Procedure, the Board hereby amends and re-issues the draft Tariff of Rates and Charges to correct these errors. The price cap index adjustment for the low voltage charges has been changed from 0.98% to 1.18% and a revised rate model is attached.

Yours truly,

*Original Signed By*

John Pickernell  
Assistant Board Secretary
